

FORMER COMMUNIST AGENT REVEALS PLOT

To Whom It May Concern:

I, Oliver Kenneth Goff, was a member of the Communist Party and the Young Communist League, from May 2, 1936, to October 9, 1939. During this period of time, I operated under the alias of John Keats and the number 18-B-2. My testimony before the Government is incorporated in Volume 9 of the Un-American Activities Report for the year 1939.

While a member of the Communist Party, I attended Communist underground training schools outside the City of New York; in the Bues Hall, and 113 East Wells Street, Milwaukee, Wisconsin. The East Wells Street School operated under the name of the Eugene Debs School. Here, under the tutelage of Eugene Dennis, M. Sparks, Morris Childs, Jack Kling and others, we were schooled in the art of revolutionary overthrow of the established Government.

We were trained on how to dismantle and assemble mimeograph machines, to use for propaganda purposes during the revolution; how to work on guide wires and fuel lines of airplanes so that they would either burst into flames or crash to the ground because of lack of control; how to work on ties and rails to wreck trains; and also the art of poisoning water supplies.

We discussed quite thoroughly the fluoridation of water supplies and how we were using it in Russia as a tran-
quillizer in the prison camps. The leaders of our school felt that if it could be induced into the American water supply, it would bring about a spirit of lethargy in the nation; where it would keep the general public docile during a steady encroachment of Communism. We discussed the fact that keeping a store of deadly fluoride near the water reservoir would be advantageous during the time of the revolution, as it would give us opportunity to dump this poison into the water supply and either kill off the populace or threaten them with liquidation, so that they would surrender to obtain fresh water.
